

**ORANGE COUNTY WATER DISTRICT
DIRECTOR, DIVISION 4**

PHILIP L. ANTHONY

OCCUPATION: Director, Orange County Water District,
Division 4; Physical Chemist

It is a privilege serving as your Director on the Board of the Orange County Water District.

This District manages our vital groundwater basin, the source of 2/3 of your water.

I have represented you for many years, always working hard to protect and improve our invaluable groundwater. We must carefully manage our groundwater to keep it plentiful and pure. Groundwater is our most reliable and lowest-cost water supply. As a trained scientist and experienced Director, I'm committed to keeping it that way.

I'm also dedicated to encouraging conservation and recycling, and educating our children about the importance of water and our environment. I'm a founder of the Water Advisory Committee of Orange County and our District's Groundwater Guardian Team, and have served years on the Board of the Association of California Water Agencies.

It was my honor to receive The Groundwater Foundation's "National Government Service Award."

Other community service: Boys & Girls Club Board President, Kiwanis Club and Orange County Taxpayers Association Vice President.

I have lived and raised my family here for many years. My only interest is to represent you effectively. Call me anytime with your concerns or questions, 714/899-8020.
